

EMEA Privacy Notice

Privacy laws in Europe changed with the introduction of General Data Protection Regulation by the European Union. In response, Pershing LLC revised our EMEA Privacy Notice to provide more information on how we process personal information.

Our EMEA Privacy Notice is available at <https://www.pershing.com/emea-privacy-notice> and includes details about the types of personal information we collect, including:

- the categories of personal information processed
- the lawful basis for such processing
- the organizations with which we share personal information
- international transfers of personal information
- how long we retain personal information

The EMEA Privacy Notice also explains the rights individuals have over their personal information, how they can exercise these rights and whom they can contact if they have any questions.

Our EMEA Privacy Notice is also relevant to other individuals connected with your firm to the extent that we collect and process personal information relating to such individuals.

As our EMEA Privacy Notice may be updated from time to time, we recommend that you review it periodically.
