\*From time to time BNY Advisors recommends mutual funds and/or ETFs that are advised or sub-advised by an investment advisory affiliate of BNY Advisors (Proprietary Funds) for inclusion in one or more BNY Advisors products or models. BNY Advisors has an incentive to allocate investments to Proprietary Funds in order to generate additional fees for us or our affiliates. BNY Advisors also may give advice or take actions which differ by product, such as the methodology associated with fee calculations and the waiving of fees payable to an affiliate when an account is invested in a Proprietary Fund. When Proprietary Funds are included in a BNY Advisors product or model, BNY Advisors either (i) waives its advisory, overlay and/or model fees, as applicable, for the BNY Advisors product or model, in which case clients pay any Proprietary Fund fees on assets held in the Proprietary Funds or, alternatively, (ii) excludes client assets invested in Proprietary Funds for purposes of calculating BNY Advisors' advisory, overlay and/or model fees, as applicable, in which case clients pay Proprietary Fund fees on assets held in the Proprietary Funds. Any differences in fee methodology are based on factors such as product type, the Proprietary Funds used, or other distinguishing factors as determined by BNY Advisors.

\*\*A Third Party Model Provider (including Strategists) or UMA program sponsor may independently select a mutual fund or ETF which is advised or sub-advised by an investment advisory affiliate of BNY Advisors (i.e., Proprietary Funds). A conflict exists because BNY Advisors has the discretion to replace Proprietary Funds included in BNY Advisors managed accounts, thereby affecting the compensation which may be earned by the affiliate. When BNY Advisors becomes aware that an affiliate is functioning in such capacity, and where BNY Advisors chooses not to replace the Proprietary Fund, or the Model Provider or UMA program sponsor is unable (or unwilling) to replace the Proprietary Fund, BNY Advisors will rebate the fees received by the affiliated adviser to the client. As of the date noted, the above listed models and mutual funds/ETFs were eligible for a rebate of fees received by the affiliated adviser. Model Providers and UMA program sponsors, independent from BNY Advisors, determine which mutual funds and/or ETFs to include in their respective models or UMA programs. Investment options available for selection vary based on the program sponsor.
